Dr. David has traveled extensively and held leadership conferences in over 45 countries. Dr. David's son, Pastor Patrick and his wife served as Senior Pastors from 2008 until 2015. Now, Dr. David's daughter, Pastor Melinda, and her husband, Pastor Javier Ramos, will serve as 4th senior leadership transition in the church's history that will carry on the spiritual heritage laid by the past generations.

Shiloh Church has been able to better the lives of East Bay residents through its various outreach programs such as the Robert Allen Mercy House, which provides groceries and other resources to the unemployed, underemployed, and homeless. Since 1982, this program has disbursed over \$1,000,000 of food each year to more than 15,000 families.

On behalf of the residents of California's 13th Congressional District, I extend my sincerest congratulations to Shiloh Church on the special occasion of its 50th anniversary. I wish Shiloh Church many more years of faithful and compassionate service.

GRAND OPENING OF VICTOR VALLEY COLLEGE'S DR. PREM REDDY HEALTH AND SCIENCES BUILDING

HON. PAUL COOK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 8, 2015

Mr. COOK. Mr. Speaker, over my time representing the citizens of California's Eighth Congressional District, I have been able to spend time with and learn from some of the best community leaders America has to offer.

These are folks who regularly put the interest of others before their own. They show us their character and generosity by going above what is required or expected of them, in order to improve the livelihood of the community as a whole. I come before you today to speak on Dr. Reddy's latest philanthropic endeavor—Victor Valley College's Dr. Prem Reddy Health and Sciences Building.

Opened on August 28, 2015, this 24,000 square foot facility will provide much needed new labs for the science programs, as well as nursing specific training labs, all integrated with indoor and outdoor student gathering and study spaces to create a collaborative and technology driven learning environment. The building will also feature expanded anatomy and chemistry labs, as well as a digital science lab capable of up to 40 workstations. The new nursing lab will feature 8 simulated medical beds and instruction space for up to 40 students. All of these lab and training facilities are supplied with high tech audio and visual equipment and a wireless network for student access. The building also operates under the most technologically advanced systems for energy efficiency and energy savings.

The students trained and educated in this state-of-the-art facility will enter the healthcare industry in a period of great turmoil. As the payment methods and organization of the industry rapidly evolve, no one can predict what the future may hold. However, the one thing we know for certain is that we will always need the most highly trained and educated students to provide the actual care, person to person. That process begins by having a learning environment to facilitate their education. I graciously thank Dr. Prem Reddy for his generosity on making this building a reality, and I congratulate Victor Valley College for its development and wish its future students years of success.

RECOGNIZING CHRISTINA COONEY FOR HER EXEMPLARY PERFORMANCE AT THE SPECIAL OLYMPICS WORLD GAMES IN LOS ANGELES

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 8, 2015

Mr. HASTINGS. Mr. Speaker, I rise today to recognize Ms. Christina Cooney for winning a Silver and Bronze medal in equestrian events at the Special Olympics World Games in Los Angeles, California this past July.

In order to qualify for the World Games, Christina had to win a gold medal in local, regional and state competitions, and be approved by Special Olympics Florida. Christina achieved all of these feats to become one of 7,000 competitors from over 170 countries around the world, and the only equestrian rider from Florida, out of ten riders from around the nation, to represent the United States at the World Games.

Christina is visually impaired, deaf, mentally challenged, and cannot speak; yet, she is able to communicate with the horses she rides and cares for in a way few individuals are able. Christina started riding at Vinceremos Therapeutic Riding Center in Loxahatchee, Florida, at age 12 and has ridden for over 20 years.

At Vinceremos, Christina trains and volunteers on a daily basis, doing whatever tasks are required to care for the animals and the facilities.

Christina developed a remarkable relationship with her coach, Kim Elie, who took it upon herself to learn sign language and created a buzzer system for communication purposes. When Christina learned she qualified for the World Games, she and her coaches and family faced one last challenge: funding the trip to compete in California. The Special Olympics only funds transportation for the competing athlete not for their family members and coaches. Thus, Coach Kim Elie's husband, Mark Elie, set up an online fundraising account that raised over \$8,000 to fund the travel costs of her family members and coaches. In a similar way, a local restaurant held an event in support of Christina that raised over \$7,000 in one night. This money has created a fund in Christina's name that pays for sign language instruction for her coaches.

Mr. Speaker, I am extremely proud of Christina for continuing to push the bounds for what is possible within her sport. Christina has overcome many obstacles to become the decorated Olympic medalist she is today. She may live with disabilities, but she competes with the heart of an Olympian. That is why I am so truly honored to recognize Christina Cooney as a Hastings' Hero. It is inspiring individuals such as Christina, who give me great pride to represent in Congress.
